

BATTERY CHARGERS

Advantages of our battery chargers

Standard Energic plus battery chargers (RE & RL-types)

- For normal use
- Inexpensive, yet high quality
- 3-year warranty
- Solid structure
- Easy to repair

High-frequency chargers

- For intensive use (multiple trucks)
- Continuous charging current (no strain on the battery)
- Prolongs the life span of the battery
- Low transport costs due to the low weight
- 1-year warranty

RX-version of the RE-charger (single-phase)

- Economic version of the RE-charger
- Simple and compact construction
- Easy to service/repair
- Simplified electronic control
- 1-year warranty on parts

Input voltage 220V single-phase

RX-version of the RLD-charger (three-phase)

- Economic versions of the RLD-charger
- Smaller casing

- Simple and compact construction
- Easy to service/repair
- Simplified electronic control
- Reduced range available
- 1-year warranty on parts

One input voltage: 380V

Economic version
