

E.C.M.[®] CHAINS

Did you know that TVH can supply a cheaper equivalent for your standard lift chain, yet of equal or even better quality?

Other types available upon request!

Our E.C.M.[®] chains have been manufactured with state-of-the-art machinery in the most modern factories.

All the chains:

- Are of the best price-quality ratio.
- Were manufactured in accordance with ISO9001 and ISO9002.
- Are pre-stretched and lubricated.
- Have a breaking strength that largely exceeds the DIN-standards.
- Can be supplied with the appropriate certificate.

Roller chain:

- Standard, DIN and ASA roller chains.
- Simplex, Duplex and Triplex version.
- Pitch ranging from 1/4" to 2".
- Wide range of stainless steel chain.
- All types of links available.
- Supplied in a box of 5 metres with end link.

Fleyer chain:

- Most common fleyer chain (up to 1" pitch), available off the shelf.
- End links optionally available.
- Supplied per coil of 10 or 25 metres.
