

HARDWARE KITS

Did you know that TVH can supply hardware kits?

These kits contain a complete selection of different dimensions of one specific nut, screw, o-ring, circlip, split pin or other small piece of hardware.

So, no longer waste money by buying 1 or 2 pieces of a tiny part and paying a transport cost that is out of proportion. Just buy one of these kits and you'll have all the hardware that you will need to complete the job.

See our TVH Master Catalogue for the different kits available.
