

BACK-UP ALARMS

As safe working conditions have become an important aspect of day-to-day work, it is obvious that TVH has dedicated a considerable part of its range to safety equipment.

One of the most important items used on a truck is the back-up alarm! These relatively cheap products can save the lives of your employees... and your customers!

TVH stocks a wide variety of different back-up alarms that are suitable for all voltages.

Have a look at our extensive offer in our TVH Master Catalogue. You will definitely find a suitable part.

Should you require more info, give us a buzz.
